

# morswift RBV banding system

The **innovative**, multi-banding **packaging solution** from MorSwift Machines Inc. enables fast **banding** and **bundling** of virtually anything.

100% **pneumatically powered**, the RBV goes wherever you need it - whether it is in a **field**, at **sea**, in a **warehouse** or **factory**.

Rubber banding and bundling creates an **ecologically responsible**, **economical** and **secure** closure without product damage.

## Why MorSwift?

- Apply a rubber band enclosure every 2½ seconds
- Reduce labor costs by at least 50%
- Boost production output by over 200%
- Eliminate waste, increase overall consumable yield
- Provides better bundling integrity and convenience
- Spray down for easy cleaning and sanitizing
- Helps reduce repetitive task, work-related injury

## General Specifications

*Model:* MorSwift Rubber Band Vertical (RBV)

*Bundling Capability:* 7" diameter, 24 enclosures per minute

*Dimensions:* 14" x 24" x 28" (LxWxH)

*Weight:* 98 lbs

*CE certified*

*Power:* Compressed air (pneumatic); foot pedal actuated

*Band Imprinting:* Optional one color (i.e. PLU, origin, name, etc.)

*Rubber Supply:* Continuous feed extruded rubber tubing

*International Patent Pending*

ecologically responsible banding
